FATE OF EUROPE LIES IN HITLER'S HANDS

Will Bear Consequences Of Attempt To Effect Solution By Force

FUEHRER'S MESSAGE TO BRITISH GOVERNMENT

HERR ADOLF HITLER

Belgian War Council Is Summoned

Brussels, Sept. 12.

It is confirmed, in informed quarters here that certain military measures of a precautionary character have been taken by the Belgian authorities but it is stressed at the same time that these measures are absolutely normal and must not cause any uneasiness.

It is not yet known whether similar measures have been taken on the Franco-Belgian border. The cabinet will meet this afternoon to discuss the situation.

It is considered probable that the Cabinet will meet again after Chancellor Hitler's speech at Nuremberg this evening to which the Belgian Ministers will listen at the radio. The Belgian War Council has also been summoned for this afternoon.

Informed quarters emphasize that since the termination of the Locarno Agreement, Belgium has no military arrangements with France or England and that she is resolved to maintain her policy of strict neutrality in the event of a European conflict. (Transocean)

GERMAN AIR DISPLAY

Nuremberg, Sept. 12.

A hundred thousand people attended the display of land and air forces this morning in which 13,000 troops took part. The display was on the same lines of the last two years though there was a marked advance in the air force.

Herr Hitler, in a short speech after the display, said, "You paraded today for the first time as soldiers of Greater Germany." (Reuter Bulletin)

MACAO RACE MEETING

Mr. P.L. Jui Successful In Two Events: Mrs. McKelvie Easily Wins Ladies' Sprint

Making his first appearance, Mr. P. L. Jui won two events in fine style at the Macao Race Meeting on Sunday afternoon.

Ideal weather conditions prevailed and the meeting was a great success although in the course of the day's sport three ladies and a gentleman rider were thrown but none suffered seriously.

The Ladies' Sprint was easily won by Mrs. McKelvie, while Mr. G. Cooper, a novice who is showing great promise, rode Chin Shan to victory to pay \$127.50 the highest dividend of the afternoon.

Detailed results were as follows:

1.—Tolsan Handicap (6 Furlongs)			
Mr. Sports' Rothsay Bay	(Mr. P. Wei)	1	74 20
Mr. J. H. Potts' Gold Clause	(Mr. W. N. Yeti)	2	29 19
Mr. F. J. Gellion's Morning Tip	(Mr. Payne)	3	15 9
Won by 3 lengths, many lengths. Time: 34, 1.09, 147.2/5.			
Parl-mutuel:			
Winner: \$7.40.			
Places: \$7.40, \$10.40.			

Not only the British Government and political circles here but the whole British public is impatiently awaiting the address by the Fuehrer which he will make at the Nuremberg Congress this evening.

It is very evident from the articles in all the British papers this morning that the speech will be all important not only for the Czech-German difference but also for the entire world.

While the worst fears were expressed 24 hours ago, and the British Government was anxious regarding the Fuehrer's declaration, a reserved optimism is evident in this morning's papers evidently based on the reports received from Nuremberg, according to which competent quarters in Germany stated that there was no intention of settling the Sudeten German problem by force in the present circumstances.

Moreover, the declarations made by the Prime Minister, Mr. Chamberlain, to the representatives of the British press are dealt with in detail and the diplomatic correspondents and the leader writers express satisfaction that Mr. Chamberlain represented the views of the British Government in an unambiguous form and thereby removed any doubt that Germany might have been entertaining regarding Britain's attitude.

It is stressed that the fate of Europe lies in Hitler's hands alone and that the Fuehrer

Serious Unrest Growing In Japan

Hankow, Sept. 12.

Serious unrest is growing in Japan where the anti-war atmosphere is tense following the steady pouring of troops to the China front, states a Tass report from Tokyo.

The police have arrested many persons because of their opposition to further military venture in China, and most of the persons in gaol are of the working classes who suffer most in the present war.

With the spread of the anti-war feeling known as "dangerous thoughts," a popular movement against the Fascist militarists is rapidly taking shape in Japan. (International)

London, September 12.

The hope that peace would be preserved was expressed by Mr. W. J. Jordan, High Commissioner for New Zealand, who is President of the League Council, at the opening of the League of Nations Assembly here today.

"We know that if peace is violated, it will not be possible for any who violate it to count on the neutrality even of those countries that may appear most remote," declared the High Commissioner.

The President of the League Council pleaded for an international pact and the total abolition of aerial bombardment. (Reuter)

The Daily Express claims to be in a position to state that the former Conservative member, Lord Brocket, who returned from Nuremberg on Saturday, brought back the message from Hitler to the British Government in which the Fuehrer is reported to have stressed that it is not his intention to adopt force in order to settle the Sudeten German question.

The papers also give prominence to the ministerial conversations and to the visit of the American Ambassador, Mr. Kennedy, to the Prime Minister and the Foreign Office.

The press is unanimous in declaring that the purpose of Sunday's talks was to discuss the attitude the Government would adopt in every eventuality, and it is thought the Cabinet members will consider once again those questions which have already been discussed regarding the attitude of the Government "if the situation becomes serious." SYNAGOGUE SET ON FIRE BY ARABS

Railway Station Suffers Same Fate

DAMASCUS GATE CLOSED

Jerusalem, Sept. 12.

The railway station at Artuf on the Jerusalem-Lydda line was set on fire by Arab franc-tireurs yesterday and the synagogue between Tel-Aviv and Jaffa suffered a similar fate.

Shots were exchanged between a military patrol and a group of Arab irregulars near Hebron where an Arab was killed and another wounded. The telephone communication is still interrupted between Jerusalem and Jaffa, posts having been destroyed for a considerable distance east of Ramleh.

In the vicinity of the Jewish colony of Gedera, troops of franc-tireurs attacked a group of Jewish workmen who were accompanied by police. In the ensuing fight six policemen were killed and another reported missing.

As the result of large demonstrations by Arabs in the old quarter of Jerusalem, near the Omar Mosque yesterday, the Damascus Gate was closed and strong military and police units patrolled the streets.

A clash occurred between irregulars and the Jewish police in the Gaca territory, two of the latter being killed and two more wounded.

The British Commandant has confirmed eight sentences which had been passed by the military authorities on Arabs, three of whom were condemned to death and four to life imprisonment. (Transocean)

Reconstruction Of French Cabinet Imminent

HERRIOT TO BE PREMIER?

Paris, Sept. 12.

It is rumoured in political circles that reconstruction of the French Cabinet is imminent and that the decision to form a Cabinet of national union in which all Parties will be represented, will be taken at the Cabinet Council to be held on Tuesday morning with President Lebrun in the chair.

It is further rumoured that M. Herriot will be Prime Minister in the new Cabinet which will include M. Daladier as War Minister and M. Bonnet as Foreign Minister. These rumours are strengthened by the fact that M. Daladier had long conferences with M. Herriot on Sunday and also this morning. In informed quarters the rumours in question are neither confirmed nor denied. (Transocean)

Conspiracy To Extort Money From Mah Jongg Schools Is Alleged

CHINESE CONSTABLES ALSO INVOLVED

The trial of Lance-Sergeant A62 Charles Hossack Telfer, 25, Lance-Sergeant C292 Leung Chi, 38, Police Constables C693, Mak Kwong-lu, 22 and C696, Sun Kai, 22, was begun before Mr. Justice R. E. Lindsell, Acting Chief Justice at the Supreme Court yesterday morning.

The charges against accused, who pleaded not guilty, were conspiracy to extort \$20 from Lam Kwan and \$10 from Shek So on May 9.

Mr. J. Whynatt, Crown Counsel prosecuted, and accused were represented by the Hon. Mr. Leo D'Almada, Jnr., instructed by Mr. Leo D'Almada, Sr., (for Telfer) and Mr. C. A. S. Russ (for the Chinese prisoners).

The following were the Jury: Messrs. F. A. Howard (foreman), C. A. King, Lau Yuk-wan, Lam Kwan, C. G. Markar, F. Lee and Chan Kai-wong.

Mr. Whynatt said that at the time the alleged events occurred the accused were members of the Emergency Unit, which, as its name implied, was a unit which was engaged on important and very special duties. Two of these were "blocking streets" and Japanese protective patrol. In the latter duty, the squad was not allowed to search, unless in exceptional circumstances.

BITTER BATTLE FOR POSSESSION OF SIKULING

Hankow, Sept. 12.

Bitter fighting continues on both the north and south banks of the Yangtze, according to Chinese reports.

Japanese and Chinese forces are said to be locked in a desperate battle for possession of Sikuling which commands the Tehan highway from Singta. Despite repeated assaults by the Japanese, a Chinese military communiqué states that the Chinese are still holding a strategic hill in north-eastern Tehan.

It is believed here that the main Japanese drive on the north bank is aimed at the capture of Shanchien, strategic town in south-eastern Honan.

The Japanese at Hsuehth are stated to be launching determined attacks on Chinese positions at Fukingshan. (Reuter)

Inauguration Of All-Up Air Mail To Hong Kong

MESSAGES TO AND REPLIES FROM H.E. THE GOVERNOR

In connection with the arrival on Friday of the first All-up air mail from the United Kingdom, messages of greeting were received by His Excellency the Governor, Sir Geoffrey Northcote, from Mr. Malcolm Macdonald, Secretary of State for the Colonies, Sir Kingsley Wood, Minister for Air, Sir John Reith, chairman of Imperial Airways and Mr. G. C. Tryon, Postmaster General.

The following correspondence has been released for publication—
From Secretary of State for the Colonies

Downing Street,
26th August, 1938.

Sir—On the occasion of the extension to Hong Kong of the Empire Air Mail scheme under which all first class mail exchanged between participating countries will be carried by air without surcharge on the routes on which air services are operated under the scheme, I have the honour to convey to you this message of greeting and good wishes to the Government and people of the Colony.

It is my earnest hope that the improvement in communications which will result from the inauguration of this scheme will be of real advantage to the Governments and peoples of the territories served by it and will help to link them still more closely with this country and with other parts of the Empire.

I have the honour to be,

Sir,
Your most obedient,
humble servant,

MALCOLM MACDONALD.

Governor's Reply

Government House,

Hong Kong

10th September, 1938.

Sir—I have the honour to express my high appreciation of the message of greeting and good wishes which you were good enough to send to the Government and people of Hong Kong on the occasion of the Empire Air Mail scheme for first class mail bringing Hong Kong within its ambit.

It is beyond question that this Imperial Service will be of immense benefit to distant colonies such as this, and on behalf of all communities resident here I tender an expression of gratitude to you and your predecessors for having laboured successfully to put it within their reach.

I have the honour to be,

Sir,
Your most obedient,
humble servant,

G. A. S. NORTHCOTE.

Governor.

From Sir Kingsley Wood

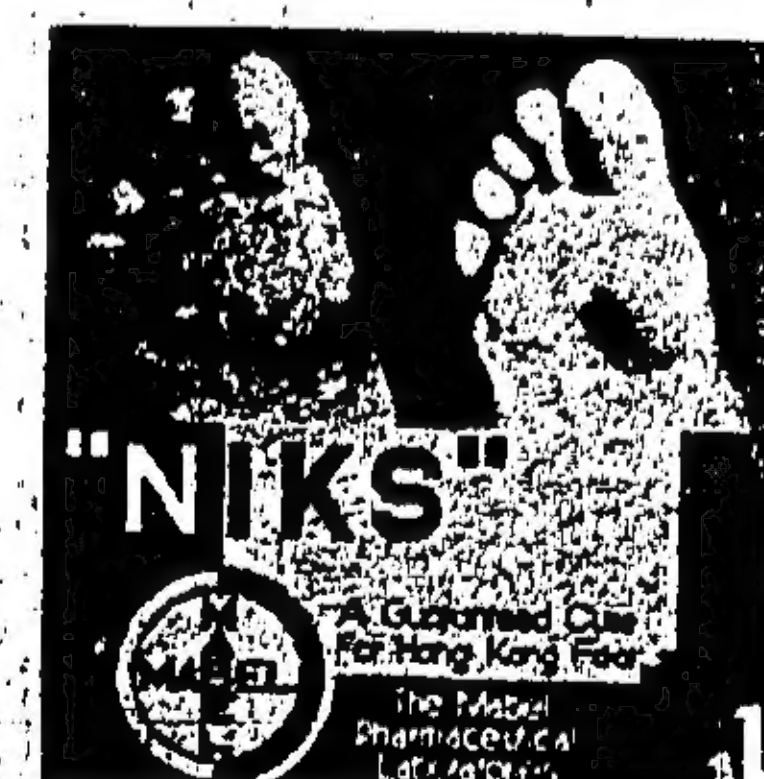

Air Ministry,

Kingsway, W.C.2.

Dear Sir Geoffrey Northcote—On the occasion of this first Empire Air Mail Service from the United Kingdom to Hong Kong, I am taking the opportunity to send you my best wishes and to thank you for the help you have given in bringing our plans to fruition.

I have no doubt that this cheap and speedy mail service will bring benefits of lasting importance by joining the people of the Colony in closer contact with those of Great Britain and the rest of the Empire.

Yours sincerely,
KINGSLEY WOOD.

H.E.'s Reply

Government House,

Hong Kong

10th September, 1938.

Dear Sir Kingsley Wood—I am highly appreciative of your kind letter of good wishes dated August 31st.

The extension of the Empire Air Mail Service to Hong Kong is most welcome; it will undoubtedly bring many material benefits in its train; but, apart from that, it also gives us a sense of being yet closer to the mother-country of our Empire.

Yours sincerely,

G. A. S. NORTHCOTE.

From the Chairman of

Imperial Airways

Airway Terminal,

Victoria Station,

London, S.W.1.

2nd September, 1938.

My dear Excellency—The first air mail service carrying letters to Hong Kong by air without extra charge, is due to leave London for Hong Kong on Saturday, 4th September.

I am therefore taking advantage of the opportunity to send you this letter.

I believe that the extension of the Empire Air Mail Scheme to Hong Kong will be warmly welcomed in the Colony, and that the acceleration and cheapening of all Empire communications is beneficial.

Our officials in Hong Kong have from time to time reported the ready assistance which they have received from the official and the civil community alike, and I would therefore like to express the Company's appreciation of that help.

Yours sincerely,

J. C. W. REITH.

Governor's Reply

Government House,

Hong Kong

10th September, 1938.

Thank you for your welcome letter of September 2nd which reached me duly and gave me much pleasure. That the Empire Air Mail scheme will help us greatly in Hong Kong is beyond all question and we are very happy in now finding ourselves within the compass of that wonderful postal system.

It is pleasant to read that your people here meet with the co-operation which you so kindly acknowledge; but that is forthcoming in response to the invaluable courtesy and helpfulness which Hong Kong folk receive at the hands of Imperial Airways' representatives at this airport.

Yours sincerely,

G. A. S. NORTHCOTE.

From Postmaster General

G.P.O. Headquarters,

St. Martin's Le Grand,

London, E.C.1.

Dear Sir Geoffrey—The arrangements for the extension of the Empire Air Mail scheme to Hong Kong having now, thanks to the collaboration of your Administration, been completed, all letters and postcards from the United Kingdom to Hong Kong will now be air-borne throughout the whole of their eight thousand five hundred miles journey. I am happy to be able to send you greetings by means of the first despatch on the new service and my best wishes for its success.

MACAO RESIDENT'S SAILING TRIP

(From Our Own Correspondent)

Macao, Sept. 10.

Shortly after noon today the 14-foot racing dinghy Ariel, named after one of the famous old clippers that sailed between Macao and London during the height of the tea trade, set sail from the Pan-American wharf in Porto Exterior.

At the helm was Mr. G. H. Rainer, local British resident, whose destination is Lantau Island, some 20 miles east of the Portuguese colony, where he will pick up and sail to Macao the yacht Doro-mouse, belonging to Mr. S. J. Balfour, District Officer of the New Territories (South).

Accompanied by his Chinese bosun, and carrying provisions for a few days, Mr. Rainer expects to reach the island at nightfall.

Only recently Mr. Rainer returned from a long yacht cruise around Hong Kong and the New Territories. He is recognised as the leading exponent of this sport here, and has done much to encourage sailing among local residents.

From His Excellency

Government House,

Hong Kong

10th September, 1938.

Dear Major Tryon—Many thanks for the kind greetings and good wishes conveyed in your letter of September 3rd.

The Empire Air Mail scheme will unquestionably be a great boon to this distant Colony, and we are all delighted that it has been possible to extend it to our shores.

Yours sincerely,

G. A. S. NORTHCOTE.

Kell, September 12.

The 5,000-ton British cargo boat, British Tommy, rammed the smaller Latvian merchantman Obaha in the Fehmarn-Sund, in the Baltic, yesterday when a heavy fog made it impossible to see more than a few feet. The Obaha sprang a leak and began to sink.

German salvage ships, which answered the S.O.S. calls and were hurrying to the scene of the accident received a message to turn back as the British Tommy had succeeded in towing the Latvian freighter to the Danish coast, near Hylkrog, where the Obaha ran aground. (Transocean).

NEWS ABOUT THE SERVICES

ROYAL NAVY

RETURN OF THE AMPHION

H.M.S. Amphion, Captain R. L. Burnett, O.B.E., which has been flagship on the Africa Station since her completion in 1936, will return to Portsmouth in December on the termination of her commission. She is to be transferred to the Royal Australian Navy next year, and will be renamed the Perth. The Devonshire, at present in the Mediterranean, will replace her in African waters about July next.

TACTICAL SCHOOL STAFF

Lieutenant-Commander W. K. V. Fairlie, who has been a naval assistant to the Hydrographer since 1934, will join the staff of the Tactical School at Portsmouth to succeed Lieutenant-Commander J. P. W. Pilditch. The latter officer has been appointed for navigation duties at Portsmouth Dockyard and assistant to the King's Harbour Master, vice Lieutenant-Commander R. G. H. Milligan.

DELIVERY OF THE SCORPION

The new river gunboat Scorpion, under construction by Messrs. J. S. White, and Co., of Cowes, is to be delivered by the builders at Hong Kong, and there commissioned for service on the river Yangtze Kiang, replacing H.M.S. Bee as flagship of Rear-Admiral R. V. Holt.

She will be towed to Hong Kong, arriving about October 20. This procedure is without precedent, but it is convenient, since river gunboats have to be specially strengthened for ocean passages, and the extra bulkheads built in for that purpose make it impossible to accommodate the full crew needed in a commissioned ship proceeding under her own power.

RE-EMPLOYMENT FOR NAVAL PENSIONERS

Naval pensioners of the seaman branch are invited to re-engage in the Navy for shore service only, for periods of three to five years. They are required for manning the observation minefields which form part of the defences of various ports.

Those accepted for this service will draw, in addition to their pensions, full active service marriage and children's allowances, together with a consolidated rate of pay ranging from 36s. 2d. a week for able-seamen to 73s. 6d. a week for chief petty officers.

The majority of vacancies are able-seamen. Applications should be addressed to the Commanders of Royal Barracks at Portsmouth, Devonport, or Chatham, or to recruiting offices.

COMMAND AT AUCKLAND BASE

Captain H. M. Barnes has been lent from Sept. 2 to the New Zealand Division of the Royal Navy for duty as Captain-Superintendent of the Naval Repair Yard at Devonport, Auckland. This is a new post under the Dominion Government, for hitherto the commander in command of the training and depot-ship Philomet has been Naval Officer-in-Charge, Auckland.

THE HOME FLEET

Summer leave, in ships of the Home Fleet, expired at noon on September 2. The autumn cruise to Scottish waters has begun and most of the ships will be absent from their home ports till November 17.

The Narwhal, submarine minelayer, Lieutenant-Commander H. R. Conway, will leave Devonport on September 7 for trials in Scottish waters, visiting Oban 7.000 Sep-

NAVY BATTERY

In accordance with their annual custom, the officers and men of "N" Battery, R.H.A., now stationed at Trowbridge, Wilts, have arranged for the placing on their historic gun of a poppy wreath in commemoration of the battery's heroic stand against 12 German field guns at Nery on September 1, 1914, during the retreat from Mons. For this gallant action four V.C.s were awarded. The gun is exhibited in the Imperial War Museum, Lambeth Road, S.E.1.

MILITARY FUNERALS

Because of the scarcity of horses, military funerals at Woolwich, Barter's will, so far as is practicable be carried out with the aid of mechanized vehicles. The gun-carriage in future will be drawn by a special motor-vehicle.

The crew will consist of a driver and two attendants. If necessary, wreaths may be carried in another Army motor-vehicle, which will follow the gun-carriage at all funerals for which permission has been given by the garrison commandant.

They Call Him "Tiny"

Admiral Sir Charles Little on September 2, went to the Admiralty to undertake Admiral Sir Martin Dumbear-Nasmith, V.C., Second Sea Lord, before taking over that post at the end of the month. Huge, and a typical sea-dog, at 56 Sir Charles still carries the nickname "Tiny" of his midshipman days.

He has had a brilliant 40-odd years' career. Went into submarines when they were "clock work mice," became Rear-Admiral Submarines in 1931.

Commanded "undersea" flotillas at Dover and with the Grand Fleet during the war. On a cold January morning at Scapa Flow in 1917 he dived over-board, fully clothed, in an attempt to rescue a seaman; received the bronze medal of the Royal Humane Society for that.

CHINESE

MOHAMMEDANS URGE SANCTIONS

Chungking, Sept. 11.

On behalf of 45,000 Mohammedan followers in China, General Pui Chung-hsi, who is the chief executive of the Chinese Mohammedan National Salvation Association, yesterday addressed a wire to the League of Nations, urging it to apply effective sanctions against Japan. (Central News).

Considerable Rhine Troop Movements

Cologne, Sept. 12

Considerable troop movements took place yesterday along both banks of the Rhine. It is difficult for observers to form an opinion of what is going on along the right bank but it is generally believed that large numbers of troops, and also quantities of heavy artillery, are being massed there. (Reuter).

TO ERECT FORTIFICATIONS

Berlin, Sept. 12. Two thousand workers left here last night by train for Saarbrücken, where they will be employed erecting fortifications along the frontier.

The departure of this detachment was made under General Goering's new compulsory labour service law. The men will be gone for three months. (Reuter).

MORE RESERVISTS

Nancy, Sept. 12. Although Saturday was the last day for the arrival of the special reservists called up for service along the famous Maginot Line, it is now learned that further detachments will continue to arrive at the garrison towns until September 14 at least.

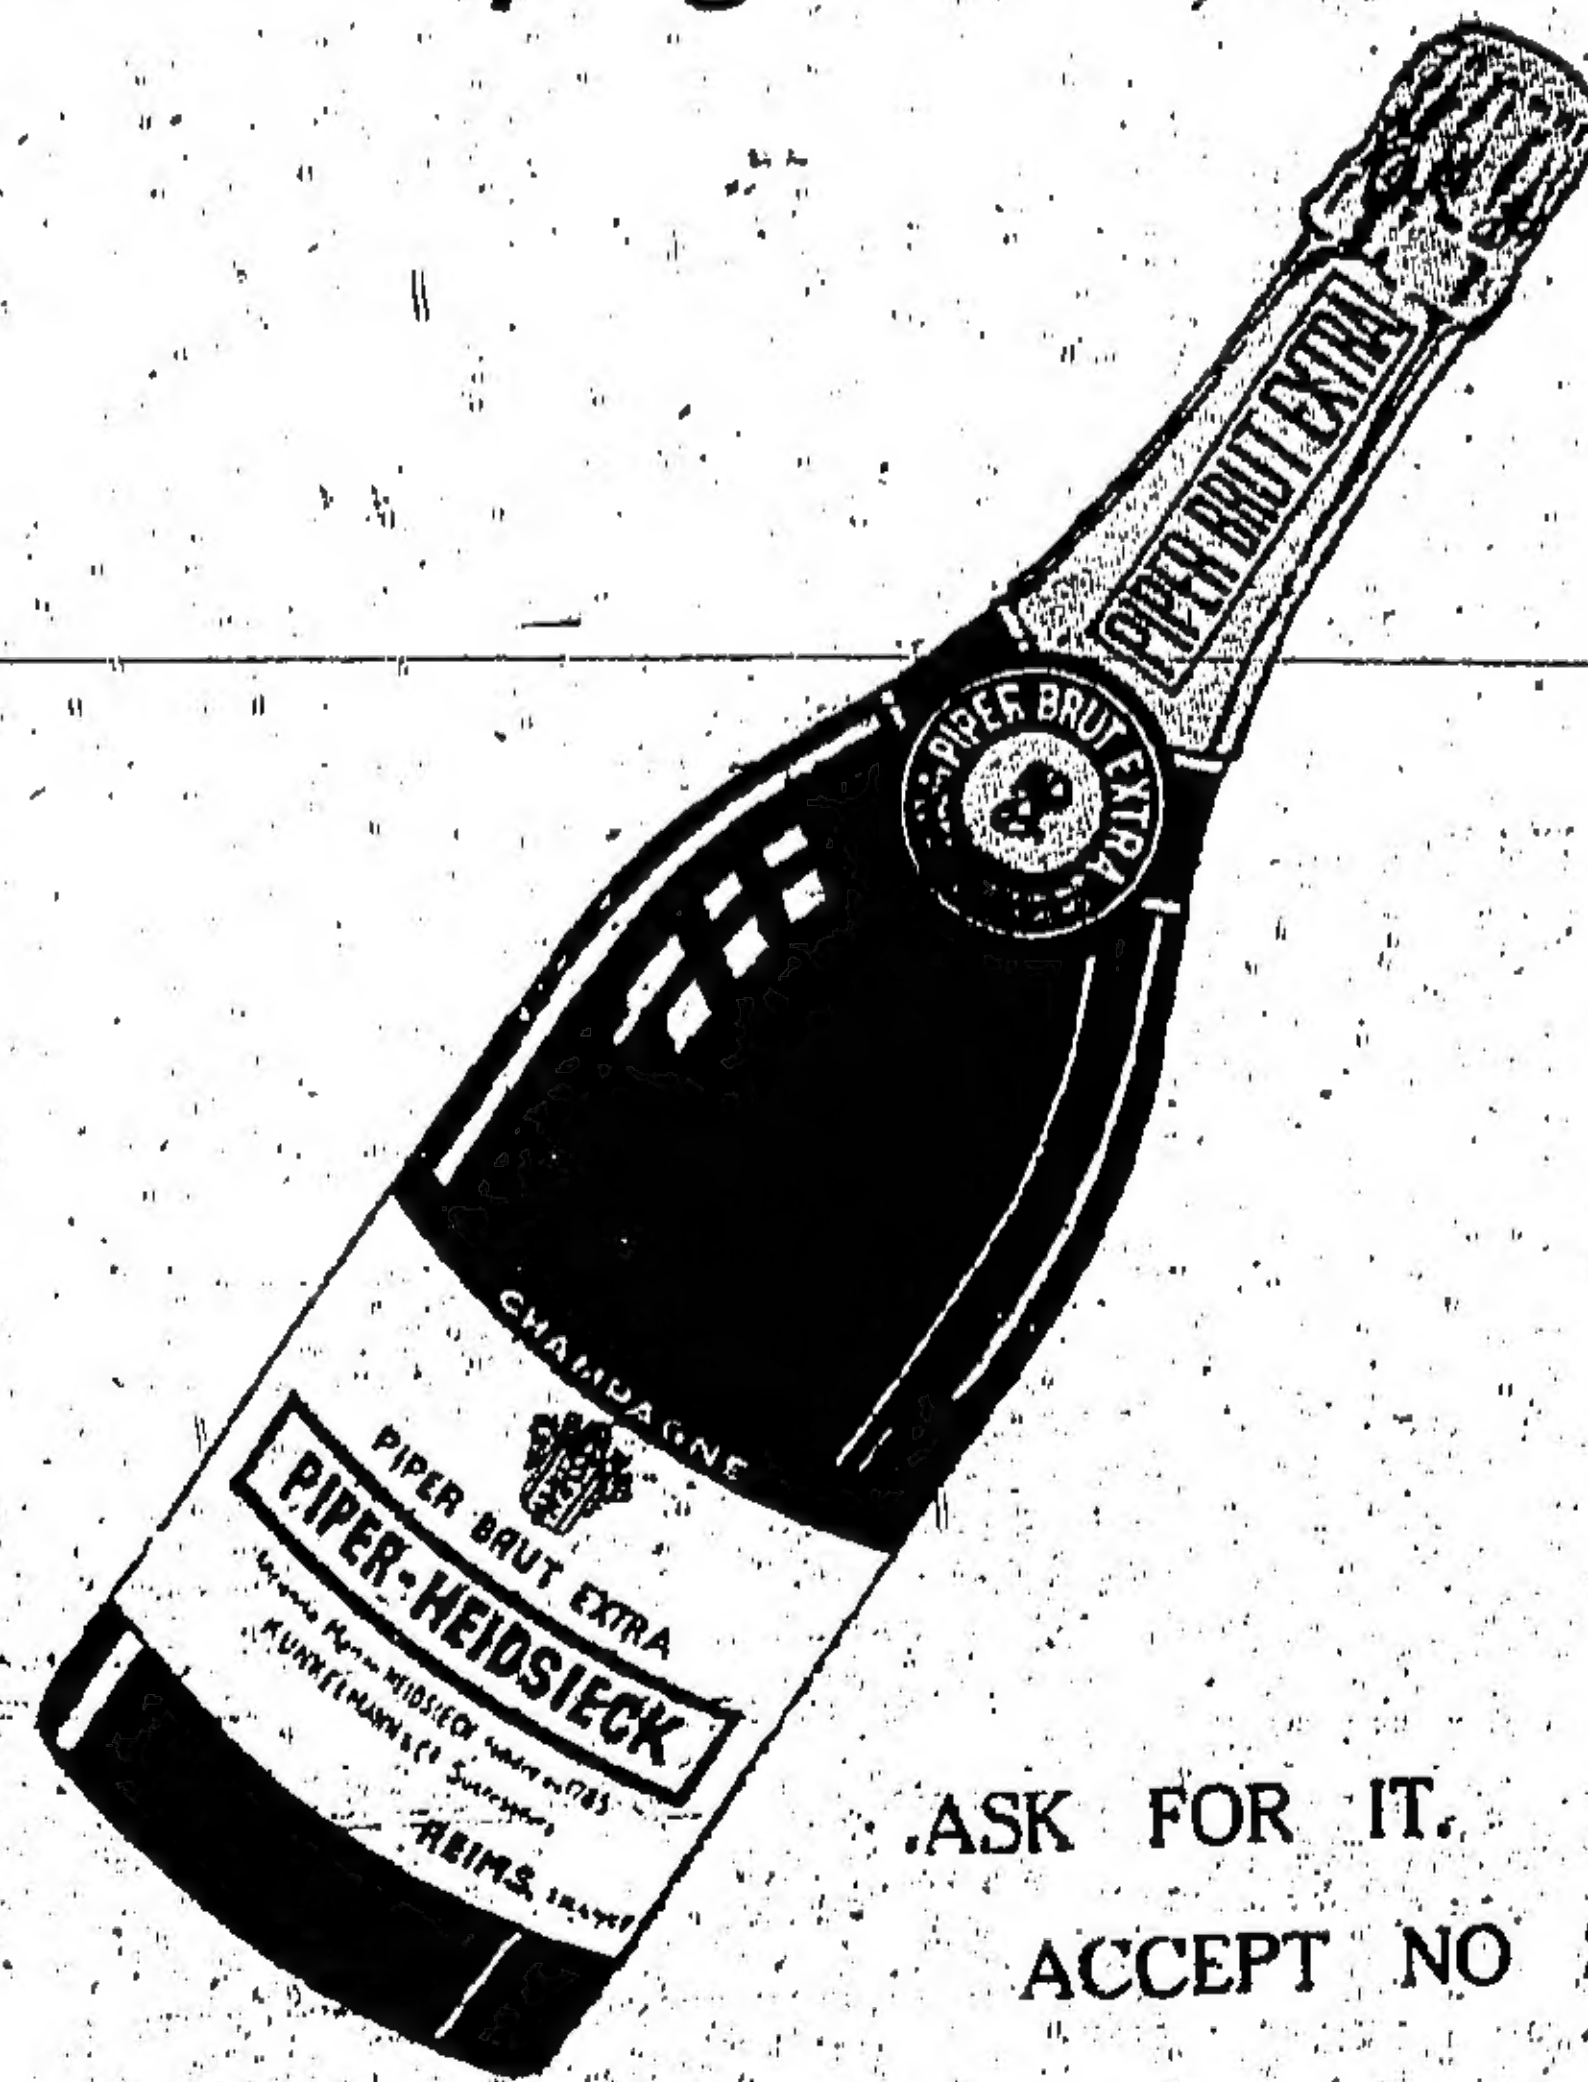

Almost all the movements of troops occur at night and with the rapidity born of constant practice. (Reuter).

they are supplied to the different Services as required.

The Argus also carries a Fleet Requirements Flight—a Fleet Air Arm unit—of which Lieutenant-Commander H. Wright, R.N., is in operational charge. A feature of the Argus is that aircraft will not take off from her deck in the customary way. Instead, they will be shot into the air by an "accelerator"—a sort of catapult. She will join the Home Fleet during its autumn cruise.

A NEW STAR

Romance rides the screen again with London films' version of another grand "Baroness Orczy" story, "The Return of the Scarlet Pimpernel" which is showing this week at the Majestic Theatre.

The film is a further chapter in the thrilling adventures of Sir Percy Blakeney—"that damned elusive Pimpernel"—a character brilliantly created on the screen two or three years ago by Leslie Howard.

In "The Return of the Scarlet Pimpernel" this role is taken by a handsome young newcomer, Barry K. Barnes, who by his masterly performance establishes himself immediately as a starring personality. Although he has had extensive stage experience, this is the first time Barnes has appeared on the screen.

MEDICINE AND MELODRAMA

Gangster activities and the medical profession get together in Warner's Unlawful. Humphrey Bogart personifies the former ingredient; Kay Francis stands for the latter. Miss Francis has not had the best of breaks for quite a while. Her last picture to be seen here, "First Lady," was too wordy to give her a chance worthy of her potentialities. This film may remedy that: if it has nothing else, it should provide tense situations and meaty opportunities for an actress who can make the most of strong emotional moments.

The story of this picture deals with the adventures of a couple of doctors who attend to wounded gangsters. Kay Francis plays one of them; the other, her husband, is played by John Eldredge. It was written by W. B. Burnett who also wrote "Little Caesar." Its story deals with a problem that is exclusively American, but it offers plenty of scope for the kind of exciting events that are universal in their appeal.

STICKLER FOR DISCIPLINE

Except for a few occasions when he has donned evening clothes, Achille Starace, Secretary-General of the Italian Fascist Party, has worn a black shirt regularly since 1919.

Sylvia Sidney, despite her recent outburst against Hollywood and its ways, is at least considering a return. Still under contract to Walter Wanger, for whom she was to have played in "Algiers" but didn't, she may go to Universal for a picture to be directed by Henry (Three Smart Girls) Koster.

It's called "Don't Judge a Book, which is just about the least informative title I've yet come across.

B. P. SCHULBERG
B. P. Schulberg, whose name you've probably seen on a fair number of Paramount pictures, has joined David O. Selznick as production assistant, writes a film correspondent.

Schulberg is an old-timer in Hollywood. Was responsible for giving their initial American breaks to Dietrich, Jannings, Bancroft, March, Sidney during the seven years that he was head of production at Paramount.

Recently Schulberg has been making pictures for Paramount but producing them independently, at his own studio.

COLMAN-BERGNER
Elisabeth Bergner is again being taken to Hollywood—at least by the Hollywood gossip writers, who have gossiped and written the same thing a score of time before. They've not been right yet—but you never can tell.

Rumour this time is that Warners are persuading La Bergner to play in "We Are Not Alone," their adaptation of the James Hilton novel.

Bait held out to tempt Elisabeth is that Ronald Colman might co-star (but that also has yet to be fixed).

Colman and Bergner would be a mighty box-office attraction—if the deal ever did come off.

SHANGHAI ART COLLECTORS

Exchange, Collection And Exhibition Of Objects

(FROM OUR SHANGHAI CORRESPONDENT)

Situated in an attic of a tall office-building, right in the heart of the Shanghai business district, the studio of the newly organized Shanghai Art Collectors Society presents a striking contrast with the materialistic atmosphere of its immediate surroundings.

Here under the chairmanship of Mr. Y. Laurell, Educational Director of the Royal Asiatic Society, a group of fanciers of Chinese curios send in their private collections of objects d'art for inspection and exchange and here they gather for discussions and lectures on subjects connected with Chinese Art and Culture.

The organizer, who is also the life and soul of the Society, is Mr. Y. Laurell. He hopes it will be possible to extend the scope of interest of the Society and convert it into a centre of study of Chinese Culture in all its phases.

A library of books on China has been started with a view to providing opportunity for studying the rare as well as the most expensive books on China, and also the sale and exchange of books among members. Exhibitions of paintings, curios, and sculpture will be the regular features of the coming season together with talks and lectures given by members and specially invited lecturers.

QUALIFICATIONS FOR MEMBERSHIP

Each prospective member has to answer the following questions:

- (1) Are you a collector?
- (2) What do you collect?
- (3) What would you like to collect?
- (4) Is there any particular subject on which you would like a discussion or lecture?
- (5) Would you give a talk on your special interest?
- (6) Have you anything you would like to contribute to the Society's collection? (a) for temporary display, (b) for sale, (c) as a donation.

"JADE AND JADE INDUSTRY"

On September 5, Mr. K. F. Mah, a well-known authority on jade, gave an interesting talk on "Jade

and Jade Industry" before the Society, which event marked the opening of its activities in the forthcoming season.

Illustrated by the demonstration of various jade objects, the lecture proved very illuminating and attracted a large number of curious enthusiasts both from among the members and outside.

The public was offered the opportunity to observe a fine collection of ancient pottery, silks and scrolls belonging to the Society. The great majority of the exhibited articles were for sale at very low prices. In conjunction with the purpose of the Society to give their members the chance of acquiring art objects, sale and exchange of same under an authoritative guidance.

EXTENSION OF ACTIVITY

As stated above, the Shanghai Art Collectors Society in its present form is no more than an embryo of a future Society of Study of Chinese Culture which, if sufficient support is given, will open various branches of study and offer courses in subjects dealing with different aspects of this vast subject-matter.

Membership through correspondence has been planned as one of the means to extend the scope of activity of the Society and in this connection Mr. Y. Laurell will be glad to receive any suggestions and inquiries c/o The Shanghai Art Collectors Society, 55, Yuen Ming Yuen Rd., Shanghai.

Many friends and even many more presents found their way to No. 9 Village Road where the festivities were held, while Mrs. Esmail's sister, Mrs. Rose Seva, came all the way from the Philippines to say a personal "Happy Birthday."

WOMAN SENSE

It seems that there is no limit to what science can do. The other day we were reading about how it is possible, by means of an especially sensitive apparatus to measure graphically the effect of praise or encouragement upon an individual, and inversely, that of censure or discouragement. The example given was that of a boy, who was all in from some activity or another, whose energy curve soared when the assistant who had placed him at the machine encouraged him with the remark that he was doing very well.

"That science can compute mathematically the good effects on a person of approval as well as the disheartening effects of fault-finding is, indeed, wonderful. Without science telling us, however, we know what a word of praise, or a look of contempt or disapproval can do to our morale. A long-suffering husband once complained to us about his "excellent" wife. "She is all that a good wife and mother should be, a careful housekeeper, - tidy, frugal, efficient, even dutiful - but she has a way of picking out one's weak spots with uncanny certitude and harping on them constantly. We have, since this confession,

ceased to wonder from whence came his hang-dog look, since he was supposed to be quite successful in his profession. A little thoughtful praise sincerely given can bring a person out of the very depths of despondency. And sometimes when he is feeling unusually low if need not even be too sincere. Any kind of praise then is so welcome that he is not meticulously concerned about its particular brand. It does not mean, however, that one always has to sacrifice truth, or accuracy, anyway - to be kind. Nothing is so irritating to the intelligent mind as uncalculated, extravagant praise which is usually nothing but empty flattery. There is, fortunately, in every man or woman, something to commend, be it ever an insignificant accomplishment, trait or feature. One can "work" on these to raise another's spirit. A woman we know well always has something to say on "the last thing you wrote." After a talk with this friend, we feel like doing our best so that she would always have the same feeling of approval of our work. There is true wisdom in Emerson's counsel: "Treat men greatly, and they will prove themselves great."

When You Go Marketing

study these points

FISH

Fishes' eyes must be full, scales abundant, flesh plump, and the tail, if bent back by the fingers, should spring again to its normal position.

Colour must be bright, and in place, a plentiful and inexpensive fish just now, the spots should be red, and not an indeterminate orange.

POULTRY

These should have soft but well-shaped breast bones and soft feet. Young birds can be told by short spurs for cockerels, smooth combs for hens, yellow bills for ducks and geese, small pink legs for pigeons.

MEAT

Beef should have bright yellow fat and close-grained bright red lean, save in frozen beef, when the lean is slightly purple.

Lamb's fat should be firm and white, its lean, pink, and always insist on extra "leaf" or "cawl" to help with the basting. Mutton fat is like lamb's, the lean is red tinged with brown.

New Zealand mutton has pale pink lean, which turns purplish as it thaws. Veal is not so white as to fat and has softer lean than other meats, and this lean must be very finely grained.

VEGETABLES

Don't buy vegetables in a hurry. Study the shape of the cauliflower, seeing that they have full large heads. Carrots should be crisp when broken. All tubers and roots must be free from soft patches.

When buying by weight, see that earth isn't weighed in with them. Lettuces must have crisp green heads, and whiter hearts. Make sure when you buy mushrooms that there are no maggots among them.

CREAM SUBSTITUTE

In most cases where recipes call for light cream or top milk, undiluted unsweetened evaporated milk may be used successfully.

COLONY LADIES AND TEAR GAS

DID NOT LIKE IT AT ALL!

Abbott, J. F. Robinson, G. Greaves, Evan Stewart, O. Strahan, P. Todd, J. H. Piercy, J. Duprey, and E. L. Bousfield.

Romance Between The Stars

ROMANCE BETWEEN twice-married and divorced Cinemactor, George Brent and spinster Merle Oberon is gathering headway, according to ace U.S. columnist Walter Winchell.

Twice already has Merle been rumoured on the brink of marriage, once in 1934 with American film producer Joseph Schenck, and again in 1936 with Hollywood star, David Niven.

WITH PEACH-STONES

Amusing and ingenious things are being done with peach stones - so don't throw them away when you have eaten the fruit.

A necklace seen in an exclusive shop looked like intricately carved coral, but closer inspection showed that each "bead" was nothing more or less than a peach stone, enamelled a deep coral shade.

PIERCED AND PAINTED

The idea is quite simple. Holes for threading the stones can be made by thrusting a red-hot knitting needle or steel skewer through them, and they may be painted any colour - turquoise blue, green, gold, or silver. A bracelet to match the stones threaded on very fine tubular elastic to fit the wrist - would complete a charming set of unusual jewellery to wear with an autumn-tweed ensemble.

GAY NEW GLASS

New sets of jugs and tumblers made of gleaming glass are decorated with most attractive designs, calculated to bring fresh brightness to the table.

Especially good are those painted with holiday travel designs - mountains and chalets, dancing peasants, little red-roofed huts, Alpine flowers, and even a big red motor coach. Boldly and simply painted in the brightest hues, such sets are sure of a welcome. Almost as effective, and just as cheery, is the set adorned with all kinds of vegetables - impossibly red carrots and tomatoes, brilliant green pea-pods, glossy white turnips, and so on. Very inviting!

Another is decorated with red and yellow fishes, swimming in and out of waving green reeds, trails of little silver bubbles floating up from them.

A gay parade of toy soldiers, marching sedately up and down bugles blowing, banners waving - makes an attractive design on jug and glasses for the nursery.

AMATEUR DECORATOR

Quite inexpensive plain sets can be decorated by the amateur, tins of special enamel being available for painting on glass.

Polka-spots in different colours - red, white, blue and emerald, for instance - are a simple device that gives a good effect. More ambitious designs can be applied by using embroidery transfers. Fix these inside the jug and glasses with sticking-paper, then paint over the shapes on the outside.

COLONY LACKS WATER

Half Of Last Year's Storage

The total storage of water in Colony reservoirs on September 1 was about 3,000,000 gallons below the total at the corresponding date last year, or little more than half, according to figures issued by the water Authority yesterday.

On the island, the water storage was 1,838,000,000 gallons, as compared with 2,357,000,000 gallons last year. On the mainland the figures were 1,495,000,000 as compared with 3,687,000,000.

Consumption in Hong Kong was greater than a year ago. During August island dwellers consumed 513,970,000 gallons, while on the mainland the consumption was 355,140,000 gallons. This compares with last year's figures of 507,240,000 and 306,570,000 gallons.

The comparative estimated populations were 550,000 in Hong Kong and 500,000 in Kowloon, as compared with 445,000 and 320,000 in 1937. This gives an average consumption per day per head of 52.2 gallons on the island and 22.9 gallons in Kowloon.

All the reservoirs are well below overflow. The Jubilee Reservoir is 52 feet below; Tyam Intermediate is level, but the remainder of the island reservoirs are very much below.

Further hearing of the case will be continued on Wednesday, September 21.

LICENSEE OF RESTAURANT SUMMONED

Selling Drinks After Hours Alleged

TWO CHARGES FAIL

A. da Motta, licensee of Liberty Hall, No. 64, Gloucester Road, ground floor, appeared before Mr. Edwards at the Central Court yesterday on four counts. The summonses were for obstructing Police Sergeant H. Danbrowsky from having free access to his licensed premises at 10.25 p.m. on August 12; breach of condition of his restaurant adjunct licence by selling intoxicating liquors other than in conjunction with a bona-fide meal for at least 30 cents at 10.30 p.m. on August; selling intoxicating liquors after 9 p.m. namely at 10.30 p.m.; and permitting disorderly conduct in his licensed premises, namely, singing, at 10.30 p.m. on August 12.

Mr. C. D'Almada appeared for the defence and pleaded not guilty to all charges.

In evidence, Sergeant Danbrowsky said that about 10 p.m. on the day in question, while on patrol in the Liberty Hall, he looked through the window of the restaurant and found six Europeans with drinks on their tables, but no signs of food. He went back to No. 2 Police Station, and together with Detective-Sergeant Bentley returned to the premises.

SINGING STOPPED
Sergeant Bentley went to the back entrance. Witness said he knocked at the front door, but got no answer till about four minutes later when the door was opened. The singing had stopped then. There were various kinds of drinks on the table, and defendant informed him that he was having a private party.

Detective-Sergeant Bentley also gave evidence of his visit to the premises.

With regard to the first and last summonses, Mr. D'Almada submitted that he had no case to answer, as there was no evidence to show any obstruction, and that there were no complaints from neighbours about the singing. The two summonses were dismissed.

In connection with the remaining two counts, defendant said that the drinks on the customers' tables were not sold after the prohibited hours, but before 9 p.m. Two customers were called and corroborated the statement.

Mr. Edwards reserved judgment till 12.45 p.m. on Thursday.

HONG KONG POLICEMEN ON TRIAL AT SESSIONS

(Continued from Page 1)

Telfer, however, did not take his conversation with Telfer for about five minutes. The conversation took place on the pavement underneath the verandah of the next house, the Kai Kee Mah Jongg school. Witness did not overhear what was being said. On the following day he was present in the school when about 11 p.m. two Chinese in European clothing came and asked for the master.

In answer to Counsel, witness said that the police officers remained in the vicinity of the school for about 20 minutes. The Chinese sergeant (second defendant) and the European (first defendant) were talking to Pak Tsun. He did not notice whether any interpretation was going on.

Counsel:—You do not make any money at the school do you?—No that's not our object.

Chief Justice:—For the love of the sport, it is? Yes, (laughter). Continuing, witness stated, in reply to Counsel, that the school had seventeen tables.

"TEA MONEY"

Pak Tsun, manager of the Tai Loi Mah Jongg school said that on May 9 about 3.10 a.m. he noticed two Chinese police officers on the pavement under the verandah of his school. They were standing, one on each side of the entrance to the school. He went out and asked why they stood there. The Chinese sergeant replied, "We want some tea money." On May 11, he attended an identification parade and pointed out second accused as the man who had said that to him. When the sergeant told him that they had wanted tea money, witness said, "Alright, but let us consult the master first."

The master was not there that night and witness went to the adjoining mah jongg school, to look for a man, named Lee Yuen, who was employed there. He wanted Lee Yuen to find the master, Lam Kwan to talk over as to how much money was to be paid over to the police officers. He saw Lam Kwan, and later the Chinese sergeant took him to see Telfer who was walking in the street.

SPOKE LOUDLY

The second defendant spoke openly and loudly to him and Lam Kwan asked them how much they were prepared to pay. Witness said that \$10 was offered for each school, three in all. The second defendant then turned and spoke to Telfer, and after it had been agreed that the money was to be paid over on May 10, to two other Chinese police officers, Telfer said "Alright," and the police officers went away.

Further hearing was adjourned till 10 a.m. today.

GUERRILLA ACTIVITIES IN TIENSIN

BRITISH, FRENCH CONCESSIONS TAKE SPECIAL PRECAUTIONS

Forces In Hopei, Shansi And Shantung Provinces Believed To Be 300,000

Hankow, September 12.

Two bands of Chinese guerrillas broke into Kuochwangze, Hotung and Sanyichwang, the First Special Administrative District, in the Tientsin municipal area on Saturday morning, according to a Tientsin message.

At Sanyichwang the guerrillas disarmed a puppet police station. As a result of the sudden threat of the guerrillas, a state of emergency was declared by the Japanese and puppet authorities. Pedestrians were stopped and strictly searched, and the tram service was temporarily suspended.

In view of the tension the British and French Concessions also took special precautions. The iron gate separating the British Concession and Chinese territory was closed and British troops were sent out to patrol the streets.

Large numbers of guerrillas are said to be still lurking in the immediate outskirts of the city.—(Central News)

Shanghai, Sept. 12.

Chinese irregulars have increased their guerrilla warfare in North China to a marked extent since the beginning of this month, according to the Asahi, influential Tokyo newspaper received here.

While exact figures are not available, their forces in Hopei, Shansi and Shantung provinces are believed to be 300,000.

Leadership over these roving units has been taken over by the 8th Route Army taking orders direct from the Central Authorities. However, a central authority for directing the guerrilla bands has been invested in the Shansi Chahar-Hopei frontier district government established by the National Government.

MILITARY TRAINING

This agency has extended administrative offices to various localities for the purposes of recruiting men for the army and levying taxes on tobacco and liquor.

Efforts are devoted to the military training for boys and girls and to spreading anti-Japanese propaganda. The new Hopei Resistance Academy has been advertising for boys and girl students, who are sent to the front in guerrilla bands after five months of training.

The Chinese authorities in those provinces have set up arsenals in various places and hand grenades are being made in private homes. Transportation of grain outside the government area has been strictly forbidden, and every possible means has been taken to prevent trade with Japanese-occupied areas, the Asahi understands.

BANK ESTABLISHED

A bank has been established with a capital of \$2,000,000, \$500,000 paid up and \$500,000 in banknotes. Branches have been opened in various places for the purpose of accepting deposits and making loans.

The chief objectives of the guerrilla units are to destroy Japanese communications, hamper construction works, interfere with various local administrations of the Peiping Provisional Government and other puppet or Japanese agencies, and to restrict Japanese supplies. Chinese reports added that much success is achieved by the guerrillas.—(International)

JAPANESE WIPED OUT

Tunk, Anhwei, Sept. 12. After a lull of several days, fighting resumed on Saturday on the Taton-Kweichow sector, on the south bank of the Yangtze above Wuhu, when over 100 Japanese soldiers at Matsau renewed their attack on Llyangho under the cover of a naval barrage.

Fierce fighting ensued with the Chinese central column resisting stubbornly. Another Chinese detachment, in the meantime, flanked the enemy at the left and bottled up the Japanese salient in the centre.

By yesterday morning, the Japanese were entirely wiped out.—(Central News)

THE EXCHANGE MARKET

City Reaction To International Situation

GENERAL ACTIVITY SLOWED DOWN

London, Sept. 12.

With the eyes and ears of the whole world turned to Nuremberg it is not surprising that general activity in the city considerably slowed down today. The markets generally are awaiting the next major development in the international political arena with the utmost calm.

On the Stock Exchange dealers are having to contend with a certain amount of continental liquidation of gilt edged securities and gold mining shares. Favourites in other sections, however, are holding fully and steady apart from minor recessions reflecting the absence of business.

Commodity markets are adopting a similarly phlegmatic attitude though the extent which the markets are dependent upon the present international crisis is illustrated by the fact that today's meeting of the Rubber Regulation Committee at which the quota for the last quarter of 1938 will be decided, is attracting only secondary interest.

Rather more tangible evidence of the existing tension was provided by the bullion market where, at the fixing of the gold price, there was a complete absence of buying interest which necessitated the authorities taking up all offerings. These were of a general character.

LIABLE TO CONFISCATION

Well-informed circles interpret the absence of buying and heavy selling of gold as reflecting the fears, especially among continental holders, that in the event of hostilities breaking out private gold hoards might be liable to confiscation or, even if not confiscated, that such hoards might become unexchangeable assets.

At the same time many point out that confiscatory measures by Britain are not likely and would only be resorted to in dire emergency.

Foreign exchange markets are calm with business mainly confined to a small but persistent demand for dollars.—(Reuter)

NO CHANGE IN QUOTA

London, Sept. 12.

At today's meeting of the International Rubber Regulation Committee it was decided to make no change in the rubber quota for the last quarter of 1938.—(Reuter)

BUYING ORDERS FLOW IN

London, Sept. 12.

The Rubber Committee's decision to leave the final quarter quota unchanged at 49 per cent, brought about a marked improvement in the sentiment of Mingling Lane which even the overhanging political uncertainty has failed to damp.

Buying orders began to flow in immediately after the announcement and the consequent firmness of the market was further enhanced when sellers adopted a markedly reserved attitude.

Buyers are now offering 8d. for spot while business done in April and June was up to 8-5/16d.

Leading rubber dealers opine that any improvement in the Central European situation may well lead to an early attainment of the 9d. level. The next meeting of the Rubber Committee is at present arranged for November 15.—(Reuter)

Most Powerful Factor In Favour Of Peace

Paris, September 12

The entire Paris press, in headlines of huge type, expresses great relief at the statement on British policy from London.

The conviction is expressed that the statement is the most powerful factor in favour of peace which could be brought into play at a moment when the eyes and ears of the world are turned to Hitler at Nuremberg.

Petit Parisien states that England has spoken and she has done what she failed to do in 1914. Germany now knows the adversaries she will meet should counsels of violence prevail at Nuremberg. The warning to Germany has a clearness which leaves nothing to be desired and surpasses all expectations.

Madame Tabouis, writing in L'Oeuvre, says that never in any declaration has the British Government gone so far in detailing its engagements towards France and towards peace.

Excelsior states that history does not afford an example of such a blank cheque.—(Reuter)

IMPROVEMENT IN SITUATION

Geneva, Sept. 12.

It is considered here that the international situation has eased considerably by the clarification of the British policy.

Renewal of the Soviet pledge to assist Czechoslovakia understood to have been made by the Soviet Foreign Commissar, M. Maxim Litvinoff, here has also contributed to an improvement in the situation.—(Reuter)

GERMAN LEADERS SEE HITLER

Nuremberg, Sept. 12.

Prior to his speech, Herr Hitler will witness an imposing display of land and air forces.

Officials in close touch with Hitler have been for long periods at his hotel headquarters, Deutscher Hof, including Field-Marshal Goering, Dr. Goebbels and practically all members of the Government, the Police Chief, Herr Himmler, General Brauchitsch, Commander-in-Chief of the German Army, and General Kettel, Chief of Staff.

The atmosphere at Nuremberg has become so wild in the last 36 hours that it has ceased to represent the voice of the nation or that of the Governmental world.

Whispers are no longer coming from Deutscher Hof for the guidance of Germany and foreign countries. German officials and journalists are left without guidance and have excelled themselves in wild speculations.—(Reuter)

CONSTITUENT NATIONAL ASSEMBLY OF HATTAY REPUBLIC HELD IN CAIRO

Cairo, September 12.

The Constituent National Assembly of the Hattay Republic settled the details of the constitution to be adopted by the country, according to reports here from Antioch.

The status of the Hattay Republic is an independent one as regards the internal affairs. Legislative power in the Hattay Republic will be held by the National Assembly, the 40 members of which are elected for a term of four years. The executive power will be taken over by the State Council, consisting of the President and four other members.

The President of the State Council, who will be responsible for the Government, will be nominated by the President of the Hattay Republic.

The first President of the Hattay Republic will, as already reported, be Tayfur Suikman. The order in the new autonomous Republic of Hattay will be maintained by a police force of 1,500 men.

The National Assembly of Hattay sent a telegram to the Turkish Assembly in Ankara declaring that the principles of "Turkish Kemalism" are recognised by the Hattay Republic as binding.

GERMAN TACTICS

Prague, Sept. 12.

It is expected here that Hitler's speech, while containing no aggressive demands, will strongly encourage Sudeten Germans to insist on a plebiscite. It is believed that it is German policy that such a demand should come from within rather than be advanced as a condition laid down by Germany. Agitation for secession is increasingly noticeable between Sudetens as a part of the German tactics.

The Sudeten Deputy, Dr. Rosche, is reported to have informed the Minister of the Interior that the Sudeten leaders are having great difficulty in restraining their followers and added that if orders are not issued to prevent Communist demonstrations, particularly on the frontier, the Sudetens would not be responsible for the consequences.

On the other hand the Czech authorities have seized documents showing that instructions were issued by certain Sudeten quarters that a state of agitation should be created by smashing windows and firing shots in the dark.—(Reuter)

China Invokes Article Seventeen

Geneva, September 12.

Dr. Wellington Koo, has sent the Secretary-General of the League of Nations a communication requesting, on behalf of the Chinese Government, that the Council give immediate effect to Article 17 of the League Covenant.

Dr. Koo recalled that precisely a year ago the Chinese Government appealed to the Council to take effective action to deal with the grave situation created by Japanese aggression and the League has since adopted a number of resolutions although all of them in their principal provisions have remained unexecuted or ineffective. Hostilities which Japan had started against China 14 months ago had not only seen no abatement but, on the contrary, were being pursued on an ever-extending scale with increased intensity and ruthlessness.

JUSTICE TO CHINA

It was the firm conviction of the Chinese Government that, in the interests of the League itself, and the general cause of peace, as well as in justice to China, the provisions of Article 17 of the Covenant should be applied in the present situation in the Far East without further delay.—(Reuter)

QUEEN TO LEAVE

Amsterdam, Sept. 12.

Queen Wilhelmina is going to The Hague tomorrow following a full week of festivities arranged by this city in celebration of the Queen's 40th year on the Throne of Holland.

Growing Tale Of Incidents

DISORDERS IN CARLSBAD

Prague, Sept. 12.

A growing tale of incidents from other parts of Czechoslovakia has disturbed Prague, though the city itself appears generally calm.

At Carlsbad on Saturday seven Czech citizens and six Czech police officers were injured, two of them seriously, when a crowd of Sudeten-Germans gathered outside the police station, smashed the windows, tried to overturn a police van parked outside the building and then called loudly for the release of an arrested Sudeten German.

At Muzletz 3,000 Sudetens demonstrated and shouted for Herr Hitler, singing German patriotic songs and Reich slogans.—(Reuter)

LORD PRIVY SEAL GOES TO GENEVA

London, Sept. 12.

Representing Lord Halifax, Foreign Secretary, who has been obliged to remain in London due to the urgency of the European problem, the Earl de la Warr, Lord Privy Seal, departed by air for Geneva today to attend the meeting of the League of Nations.

It is stated authoritatively that the Earl de la Warr will take the opportunity to discuss developments arising from the Czechoslovakian crisis with representatives of the Dominions.

Should Lord Halifax go to Geneva at all, it will not be before middle of the week.—(Transocean)

SPORTING NEWS AND NOTES

INTERPORT
CRICKET
MATCHTo Take Place In
Shanghai October 8

The following announcement by the Hong Kong Cricket Club, made yesterday, will come as welcome news to local cricketers.

"In regard to the invitation from the Shanghai Cricket Club to send an Interport team to play in Shanghai in October, tentative enquiries were made to ascertain if it would be possible to raise a side.

The result of these enquiries was sufficiently promising to justify our cabling to say we hoped to be able to make the trip and a reply has now been received suggesting that the match should take place from 8th to 11th October. (This will of course depend upon suitable sailing dates being available.)

In the meantime Cricket Clubs have been formally invited to submit names of members recommended for inclusion and practice games will be arranged from next week, with practice nets available on the Club ground every evening, commencing Tuesday September 13.

NO MATCH LAST YEAR

No Interport Cricket was held last year in view of the hostilities and Shanghai informed Hong Kong in the early part of this season that it was unable to send a team down, owing to adverse circumstances prevalent here.

It is interesting to note that since the beginning of the series in 1886, Hong Kong has won 18 matches, Shanghai 17 while two were drawn. Hong Kong's strength this year is not known, but such well-known cricketers as Alec Pearce and Teddy Fletcher and others who have impressed on previous occasions will no doubt be coming here, and strong as Shanghai is this year, the result is by no means a foregone conclusion. It must be remembered that Shanghai always holds a slight advantage over Hong Kong, in that, whereas October marks the close of the local season, the opposite is the case in Hong Kong.

F.A. Ban On
Alex James

The English Football Association banned Alex James from becoming a football manager because, when he gave up Soccer he took a position with a pools concern. James declines to say anything about the decision.

An F.A. Committee have ruled that as he broke Rule 43 when he took up a position with a pools company he cannot manage a club under the F.A.'s jurisdiction.

This is the second time that the F.A. have refused James permission to take part in football.

Towards the end of last season James asked to be allowed to play in a charity game. His request was turned down, presumably because he had been connected with a football pool.

CIVIL SERVICE
MEETINGRULE AMENDMENTS
TO BE DISCUSSED

Three important amendments of rules are scheduled for discussion at the thirty-fourth annual general meeting of the Hong Kong Civil Service Cricket Club, to be held in the club pavilion on Thursday, September 22.

These are:—Rule 18—Cancel the amount of \$24.00 per annum subscription for playing Members and substitute \$36.00 per annum for playing Members. Cancel the amount \$10.00 per annum subscription for non-playing Members and substitute \$12.00 per annum for non-playing Members.

Rule 18—Add: "Any playing Member who resigns this Club shall if wishing to rejoin pay an entrance fee of \$10.00 on his re-election. Any non-playing Member who resigns shall if wishing to rejoin pay an entrance fee of \$5.00 on his re-election."

Rule 37 cancelled and the following substituted:—

"The Finance Committee may at any time they see fit, after giving their reason in writing, call upon any member to pay his account forthwith, and or call upon him for a deposit against future accounts, which deposit shall not be exceeded, and if he fails to comply he shall not be furnished with supplies. The Finance Committee may also limit the amount of supplies for which a member can sign in any one month and may require him, if necessary, to pay for that amount before he can obtain any further supplies. The Finance Committee shall report to the General Committee who shall decide whether the defaulter is to be posted in the Club Pavilion, and if any money so due shall remain unpaid at the end of 14 days after such date of posting, the General Committee shall cause such person's name to be struck off the list of Members and he shall thereupon cease to be a member or subscriber of the Club."

The annual report and statement of accounts shows a fairly satisfactory year, though with the exception of the winning of the winning of the newly-constituted third division lawn bowls championship, results on the field of sport were rather mediocre.

The club-house is reported to be in excellent shape, while the grounds are in very good condition. The committee placed on record their regret at the death of Messrs W. Fincher and H. F. Westlake, both of whom will be sadly missed.

CRICKET LEAGUE WILL
BEGIN IN JANUARYAnnual Meeting Decides
Early Start Inadvisable

Contrary to expectations, there was no discussion at the Cricket League annual meeting yesterday evening of either the eight-ball over or the old question of home and away league matches, the business conducted being of an entirely routine nature.

Mr. H. R. B. Hancock was unanimously re-elected President, with Mr. E. J. R. Mitchell as Vice-President. Mr. A. H. Madar was re-elected Hon. Secretary, the Chairman (Mr. Hancock) thanking him for his past services, and remarking that he had left a bed of illness to attend the meeting.

League entries were much the same as last year. Indian Recreation Club, Craigengower Cricket Club, Hong Kong Cricket Club, the Army, Club de Recreio, and the Civil Service Cricket Club are putting a team in each of the first and second Divisions, while the Police and the University are participating only in the Junior League.

No representative was present from either the Kowloon Cricket Club or the Royal Navy, but the Chairman remarked that it could probably be taken that they would both enter a team in each Division as heretofore.

The Chairman stated that the League's finances were in a satisfactory state, as, after entrance fees had been paid they would have a balance to hand of something around \$250. He remarked that in similar circumstances in past years the League had made certain donations and suggested that this year they should give \$50 to the Children's Playground and \$25 each to the cricket funds of Queen's College, Ellis Kadoorie Indian School and the Diocesan Boys' School. Seconded by Mr. E. J. R. Mitchell, this was carried.

LEAGUE STARTS JANUARY

A proposal put forward by Mr. H. Owen-Hughes that the League should not begin before January was agreed upon. Mr. Owen-Hughes said that if League matches should begin too early there would be gaps in the fixtures and interest would consequently flag, whereas, if they were to start in January and run right along to about the end of March, interest would be sustained to the end. After a little discussion it was decided that the League should start on January 7.

Those present were Messrs. H. B. Hancock (Chairman), H. Owen-Hughes and E. J. R. Mitchell (H.K.C.C.), M. Wahan and M. P. Madar (I.R.C.), M. P. Weedon (Army), A. B. Hanson and H. P. Lim (C.C.C.), P. N. da Silva and E. A. R. Alves (Club de Recreio), B. G. Baker (Police) and W. H. Colledge (Civil Service).

A vote of thanks was passed to the Urdia Council for allowing the League the use of the Chamber for the meeting.

ANOTHER
RECORD

Aarhus, Sept. 12.
Miss Ragnhild Hveger, the Danish swimmer, who already holds eleven world records, added a twelfth to her long list by breaking the existing mark for the 200 metres.

She swam the distance yesterday in 2 mins. 21.7 secs. The previous best was by Miss Van Veen of Holland in 2 mins. 24.6 secs.—(Reuter).

AUSTRALIAN TEAM
INJURIES

Scarborough Side A Problem

The Australian cricketers will have some difficulty in scraping together a side for their festival match at Scarborough on Saturday, when they will meet Mr. H.D. Q. Leveson Gower's XI, to complete their tour in England.

(Actually, their last game before sailing for home is against Gentlemen of Ireland on September 15, but this will be played at Dublin.)

An X-ray examination of C. W. Walker, second-string wicket-keeper, a few days ago, showed that a piece of bone has been chipped from the index finger of his left hand, and it is not likely he will be fit to play at Scarborough.

Bradman and Chipperfield are also out, and Fingleton, like Bradman, a "casualty" from the last Test, is still in doubt. Fleetwood-Smith was in London last week to be examined for lumbago.

Badcock also has lumbago, and a bruised hand has been causing Hassett some trouble.

Altogether, prospects do not appear too bright for them.

U.S. POLO

Old Westbury
Retains
National Cup

Meadowbrook, L.I. Sept. 12.
The Old Westbury team, comprising Phipps, Smith, Iglehart and C. V. Whitney, retained the American Polo Championship yesterday beating Greentree, comprising Bestwick, Cavanagh, Hitchcock and J. H. Whitney, by 18-7.

A crowd of 36,220, the largest in the history of the tournament, watched the encounter.

Westbury showed excellent teamwork and were also the better mounted.

C. V. Whitney was badly cut over the eye by his cousin, J.H.'s mallet in the second chukker. Play was suspended for 20 minutes while two stitches were inserted in the wound.

The scores by chukker were:
Westbury 12 11 22 22
Greentree 11 10 20 22
—(Reuter).

GIRL, 17, BEATS
TENNIS STAR

Miss Rosemary Thomas, 17-years-old holder of the British junior championship, achieved fame in senior lawn tennis recently, when she beat Mrs. M. E. King, the British Wimbledon Cup team captain, by 7-5, 6-3, in the semi-final of the women's singles in the New Malden Club open tournament.

This tall, slim, bespectacled girl won her great victory not by spasmodic brilliance, but by sheer good lawn tennis strokes, plans well thought out, and the ability to carry them through.

Mrs. King is a desperately hard player to beat. She is endowed with a persistency that is almost heart-breaking to older opponents than Miss Thomas.

7 GAMES IN A ROW.
For coolness on the court Miss Thomas takes a lot of beating.

In the first set she was led by four games to one. Then she won seven games in a row which, against Mrs. King, is a feat in itself.

Mrs. King sportingly encouraged Miss Thomas with such remarks as "Jolly good shot, Rosemary," and after the match she said, "Rosemary played beautifully."

Miss Thomas has all the strokes; she needs only a better second service to make her the complete lawn tennis player.

Shanghai Short

OF BEAN OIL

Shanghai is now in short of bean oil as the majority of the bean oil factories situated at Chapel, Pootung and the southern area have closed down. The present local factories do not supply more than one-twentieth of the demand; hence, while in former days over six cattles could be obtained for a dollar, four cattles cost the same price today.

BANK OF CANTON
BRANCHES

The Bank of Canton has established over 40 branches in various districts and towns in Kwangtung, and ten more branch offices are now being organised.

C.N.A.C. MEMORIAL SERVICE HELD

(Continued from Page 1)

civilians by the Japanese invaders—that has its rightful time and place—but we are to put on record to inspire future generations the life of a very worthy citizen of China.

I am sure that those of us who had the privilege of knowing Sidney, respected him for his sterling qualities as a man and for his unswerving devotion to duties in carrying out whatever he undertook to do, whether it be in business or in service activities connected with the betterment of those around him.

HIGHEST ESTEEM

As an active member of the Shanghai Y's Club, the unselfish and able manner in which he acquitted himself on the committees to which he was assigned from year to year, won for him the highest esteem of his fellow Y's Men.

Sidney was the son of Mr. Yang Tsai-san, chairman of the board of directors of the Young Bros. Banking Corporation, and grandson of the founder of the illustrious House of Yang, operators of the Young Bros. Banking, as well as the Trading Corporation of the same name, the latter being China's largest private tung-oil exporting firm.

Not content with being the first financial power of Szechuen province, the Yang family had been, during recent years, looking into the rich markets of the Lower Yangtze Valley with plans for establishing new trading centres in that region. Sidney Yang's arrival in Shanghai after his academic training in America seven years ago synchronized with the greater activity of the Yang interests in the Lower Yangtze.

CAPITAL DOUBLED

One of the first signs that the House of Yang was concentrating on the idea of expansion was the doubling of the capital of the Bank and the acquisition of one of the most important sites in Shanghai—the Kalee Hotel on the corner of Kiukiang and Klange Roads, the Wall Street section of the Central district of the northern city—on which it proposed to build new premises for the Shanghai branch of the Bank.

The war came 13 months ago and plans were suspended—now Sidney, in whom the family and his friends had set such great hopes, has gone out of our midst and passed to the Great Beyond!

At the time of his death, only 29 years of age, Sidney was assistant manager of the Shanghai Branch of Young Bros. Banking Corporation and manager of the Hsin Hwa Insurance Company Limited, an affiliated company organized by the Yang interests.

HAPPY COUPLE

I met the then happy couple when they arrived in Hong Kong for the first time while en route to Singapore on their honeymoon last April, and when they were returning to Shanghai. I met them again upon their arrival in Hong Kong by the "Conte Blancamano" on August 19 and the last time the day before the tragic happening.

A snapshot showing the couple in joyful expectation of meeting their relatives for the first time after their marriage was taken of Sidney and Joy a few minutes before they departed on their last journey. A copy of that snapshot

TWO CHINESE COMPANIES WIPED OUT BY POISON GAS

Tehran, Sept. 12.

The Japanese again used poison gas against the Chinese forces yesterday, when the men of two Chinese companies were practically all killed by the deadly weapon at Shihmakai, near Wusueh, on the north bank of the Yangtze.

When the Japanese, numbering about 1000, were repulsed after a heavy attack on the Chinese position, they resorted to the use of gas shells.

As the flooded conditions at Wusueh and Lungping make mechanised operations ineffective, great activities of Japanese chemical units have been evidenced.

WAR MINISTER TO TOUR BALTIC

Strong rumour has it that following the tour to the Baltic of the first Lord of the Admiralty, the War Minister, Mr. Leslie Hore-Belisha will also pay an early visit of inspection to Finland's 2,000-mile frontier and to Denmark's southern frontier.

Behind this is said to lie a Government policy of close co-operation with the friendly Finnish nation.

Before going abroad, however, Mr. Hore-Belisha is likely to launch a new sensation on the British public. This will be a nation wide appeal to all women between 18 and 40 to join the women's Territorial Army of motorists, cooks etc. Many thousands of young men would thus be released for the forces.

STRIKE IN ALL COAL MINES IN AUSTRALIA

Government Not Intervening

Sydney, Sept. 12.
The Australian Government is not intervening in the coal strike which is taking place in all coal mines in the Dominion, except those in West Australia, declaring it is an industrial dispute.

It also did not agree to the miners' suggestion that a joint meeting of representatives of miners and employers and the Government discuss a settlement.

LINDBERGH TO ASSIST RUSSIA

Tokyo, Sept. 12.

Colonel Charles A. Lindbergh is likely to assist Russia's "three-year plan" for the expansion of the Soviet Air Force, according to a despatch to the Foreign Office from the Japanese Minister in Finland.

The news is given much prominence in the evening papers.

CAREER CUT SHORT

Thus a fine and promising career has been cut short and to those of us who had the privilege of their friendship, their untimely death leaves a heavy sense of loss. Both Sidney and Joy will be long remembered by all who knew them well with great respect and esteem and deep affection.

On behalf of the Y's Men's Club of Shanghai, the Y's Men's Club of Hong Kong and the Y's Men's Club of Chungking, the F. P. Fraternity, the St. John's University Alumni Association and the University of Pennsylvania Alumni Association of China, I wish to convey to both the Yang and Sah families, the deepest sympathy of the members of these organizations with which Sidney was so closely associated as a member, in the great loss they have sustained.
